wingwave®-Song „Balance is the key“

I: Flying high. Like a butterfly – feeling free, good balance is the key
Wave away your fears, your troubles and your tears – Success without regret, this is what you'll get.

Ref.: Left wing, right wing – balance is the key, for harmony – with wingwave

II: Being in motion, with positive emotion – being in touch, with others and yourself. Positive vibration, helpful motivation – look into the future, leave behind the past.

Ref.: Left wing, right wing – balance is the key, for harmony – with wingwave

III: Happy healthy, with balanced success – fitness and wellness, selfness, consciousness. Planning your time line, an artist of life – like the bohemian, strong and well alive.

Ref.: Left wing, right wing – balance is the key, for harmony – with wingwave
